### Wireless Everywhere: LTE and Beyond

<b>Track:</b>	Mobility
<b>Date:</b>	Thursday, May 9, 2013
<b>Time:</b>	3:45 PM - 4:45 PM

The past few years have seen dramatic changes in the wireless wide-area landscape – the deployment of LTE, metered data plans, and increasing discussion of Wi-Fi offload. Understanding technology and market trends here is critical to the success of enterprise mobility, and this session will explore both trends in technology and how to take best advantage of these in enterprise operations.
